BIOHIT

TIP REFILL SYSTEM

New Tip Boxes

- The new rigid and strong polypropylene boxes and trays are fully autoclavable.
- The tray holds 96 highest grade non-wettable virgin polypropylene tips in a 8 x 12 micro-plate format.
- The new flip-top boxes are single-hand operated for opening and closing.
- Refill trays snap securely into boxes.
- The color coding of the tip trays allows immediate tip volume recognition.
- Available as non-sterile or pre-sterilized.

The Economic and Ecologic Refill System

- The New Refill System from Biohit is environmentally friendly with completely recyclable packaging.
- The tip trays are easily transferred from a space-saving tower or refill pack to the tip boxes.
- The Refill System range covers the five most popular tip sizes.
- New Value Pack available: 10 refill packs of 9,600, with savings of up to 44%

Instructions on How to Use the Refill System

For Refill Tower:

Remove the empty tray from the tip box.

Lift up the upper part of the tower box.

Take one single-tray from the refill tower.

Put the single-tray into the empty tip box.

For Refill Pack:

Detach a Refill Pack.

Open the cover film from the marked corner.

Remove the empty tray from the tip box.

Take the tip tray from the Refill Pack and put it into the empty tip box.
